The Department of Public Work's contractor will be milling and paving the Route 14B (Ypao Road) lanes at the intersection with Route 1. There will be temporary lane shifts and closures during the construction period but access to businesses/residences will be maintained. Motorists will need to use Route 14 (Chalan San Antonio) or Route 14A (JFK Hill) as alternate routes to access Route 14B from Route 1 and vice versa. Motorists are advised to drive cautiously through the construction zones, observe all posted speed limit and construction signs, and carefully heed flaggers (when present). The Guam Police Department will be directing traffic at the respective intersection. Anticipate delays and plan your drive accordingly.
